**Your rights**

The law states that by the age of 13 children have enough maturity to understand their rights and to make an individual right request themselves if they wish. A parent would be expected to make a request on a child's behalf if the child is younger. The Data Protection Act 2018 and UK GDPR laws give individuals additional rights in respect of personal information held by the school.

These rights include:

The right to be informed

The right of access

The right to rectification

The right to erasure - in certain circumstances. Whilst the child is in school, there may be data that you would not erase if requested as this could hamper your ability to perform your public task

The right to restrict processing

The right to data portability

The right to object

Rights in relation to automated decision making and profiling.

You can also request an “education record request” which will give you access to curricular and education records held and processed on behalf of the governing body of the school. (Education Pupil Information (Wales) Regulations 2011.

If you would like to exercise any of these rights, please contact the Head teacher in writing who will respond within one calendar month.

You may also contact the Information Commissioner (ICO), however, the ICO (Wales) cannot make a decision unless you have exhausted the complaints/internal review procedure offered by the school and Local Authority.
